### SPECIAL NOTICE:

This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

CHASE, ALABAMA,  
OCTOBER 10, 1938.

*TO THE TRADE:*

*Our season here at Chase has been one of the best for many years. Unusually good rainfall just when we needed it has made for fine stands and growth. Careful cultivation and fertilizer have allowed us to make the most of what Nature has given us. We feel that we are offering the finest stock this year that Chase's Acres have ever produced.*

*We are in our 49th year, rapidly nearing the half-century mark, and we feel that we are in good shape to carry on the tradition of liberally graded, well-rooted, A-1 stock that has allowed us to keep the good friends who have made our 49 years possible. We deeply appreciate this support.*

*Our packing crews are speedier than ever, and we would like to demonstrate our ability to get you out of a hole when the rush is on. Give us a try. You'll come again.*

*Hoping to serve you, we are*

*Very truly yours,*

### GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given under such heads.

### TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO RAILWAY COMPANY. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can.
